Dexter Messenger.

A couple in Montgomery county recently celebrated their golden wedding and one of the guests was the minister who had performed the ceremony for them fifty years ago.

De Soto Press.

John Ganninger of the German settlement east of town was struck in the face Tuesday by a circular saw which flew off a shaft, receiving injuries from which he died Wednesday night.

Oran Sunbeam.

Bill Gordon was caught coming out of Bob Harris' chicken house one day last week and was arrested and tried before Justice Finley Monday. Gordon pled guilty to stealing the chickens, and was bound over to a higher court.

Dexter Messenger.

Up to last week Malden had shipped over 166 car loads of watermelons, this number being below the average for the season. Clarkton, however, has shipped out 183 cars, being more than the total for 1911, with about thirty yet to follow.

James Schrum was sentenced to be hanged by Judge Peter H. Huck at Farmington August 31, the date for the execution being set for October 24. Schrum, it will be remembered, was charged with killing Gent Gibson and Mont Hall at Iron Mountain June 15.

Jackson Items.

It is said that the County court will again be requested to submit the question of stock law at the November election. One of these days these attempts will prove successful, which would be a serious blow to dealers in fencing material, and reduce the consumption of fence posts many thousands each year.

The administration building of the state hospital at Farmington was destroyed by fire August 31. The loss is estimated at \$40,000 or \$50,000. Workmen were putting a new roof on the structure and were at

BUY YOUR FERTILIZERS NOW

We have just unloaded our first car of Tuscarora Fertilizers this season, and the Fertilizer people have notified us that there is going to be a big shortage in Pure Raw Bone this season. However we can furnish you with the Pure Raw Bone, while the present supply lasts, and will be able to furnish the mixed Fertilizers all through the season, but if you really want the Pure Raw Bone, I would advise you to place your orders immediately. Don't wait another day. We can hold the goods until you are ready to plant. By so doing you can avoid any disappointment, and can get your Fertilizers any time you want them. Call or write and tell me what you want and I will do the rest.

dinner when the fire was discovered and the supposition is that a heater was left burning, which ignited the building.

DeSoto Republican.

Fred Kimmell, a brakeman on the Mountain, and who at one time made his home here was injured at Arcadia while making a coupling on the local Tuesday. He was taken to the Missouri Pacific hospital in St. Louis, and died Wednesday morning. Mr. Kimmell boarded with Mr. Blanton, when he lived in DeSoto. He was a splendid young man and has many friends here who are pained to learn of his death.

Dunklin Democrat.

J. W. Ray, who lives six miles northwest of Kennett had been troubled greatly by hawks and owls daily and nightly. He placed steel traps on several fence posts, those highest in the string, and caught 32 chicken hawks and 2 owls in a few weeks. The birds flying over the field naturally alight on the high-st post they see. A trap is there to receive them. There is no patent on the plan and all who are bothered with hawks or owls have permission to try the simple plan of catching the pests.

Ironton Register.

Burglars visited the Lopez Store company, the post-office and the Ironton railroad station last Thursday night. An entrance was effected through the back door at the Lopez store. A couple of revolvers, possibly some other merchandise, and about \$13 of Baptist church money which Manager Ringo had placed in the money drawer, were taken. The burglars got into the post-office by breaking the glass in the door on the north side of the building and unfastening the lock. About \$6.50 in money was secured. They got into the depot by breaking a window in the telegraph office. A number of express packages were opened and their contents strewn upon the floor, but nothing taken. The burglaries were not discovered until Friday morning.

Democrat-News.

We have often heard of fire from spontaneous combustion, but we never heard of a soda water fountain freezing up with the thermometer about 96, but this thing happened in this city last Tuesday at Paul DeGuire's thirst parlor. Paul says it was frozen up, but we have a sneaking idea that he was afraid we wanted to bum him far an ice cream soda. It seems this is one of the new kind of fountains from which the water has to be drawn every morning, if not, it is so arranged that if the water stands more than 24 hours, on the same principle as an ice machine, it will freeze up. The clerk forgot to draw the water off Tuesday morning and by 2 o'clock the pipes connecting it with the fountain were frozen up good and hard and warm water had to be poured on them to thaw them out.

De Soto Press.

Work on the Iron Mountain rail-

road is pushing ahead rapidly. There is at present about six work trains running out of De Soto north and south, and about 600 men are employed, in fact every available man is working. The grade in many places is being reduced, the roadbed widened and other necessary improvements are being made. In the shops here a larger force of men are employed than have been for years, and it is stated on good authority that the force is to be still increased. The shops are also to be modernized as soon as the fall rush is over. Fifty car loads of chat will be scattered over the yards and the buildings brightened with paint. At present there are fifteen crews running out of De Soto, something very unusual, but very gratifying to the people of De Soto.

Jackson Items.

Young Mr. Malone of Sikeston, one of the foremost speeders of that speedy village, came to grief once more—at least, his auto and some passengers did—on the down-curve east of the Braun place, one and a half miles out on the gravel road last Friday. Malone, with half a dozen passengers, was hitting his favorite pace along this winding road, when the car "jumped the track" and turned over against the hillside. It required considerable labor to extricate some of the passengers and there were some painful though not dangerous injuries. The car, which was a valuable sixty horse machine, lost a wheel and was otherwise battered—not to the very great concern, however, of the driver. The machine was damaged to the extent of about \$200. Young Malone has for the last year terrorized this section of Missouri with his automobile and everybody is wondering what will be next on the program.

Letter From F. G. Lambert

ED. MARBLE HILL PRESS—I see in THE PRESS that the County Democratic central committee has placed my name on the ticket for associate judge of the county court, to represent the First district, of Bollinger county, for which they will please accept my heartfelt thanks.

I most deeply regret the fact that I could not be present in person to express my gratitude for the confidence and honor bestowed. It is a matter of great satisfaction to be honored thus unsolicited, and associated with the democratic ticket. I promise that if elected to use my utmost endeavors to give the people no reason to regret the confidence they have reposed in me.

Yours obediently,
F. G. LAMBERT.
